## SUMMARY

Enthusiastic React JS Developer with hands-on experience in building responsive and dynamic web applications using React.js, JavaScript, Material UI also having the basic knowledge of Node.js, Express.js, MySQL which help me to work on backend too.

## EXPERIENCE

**React JS Developer** - [The Entrepreneurship Network](#)

(Oct.2025 - Present, Internship, Remote)

Assist in developing responsive React components, optimization, performance, and collaborating on UI/UX. Improvement.

## PROJECTS

**School Management Website** [\(Link\)](#)

- **Tech:** React, JavaScript, Material Ui, Node.js, Express.
- Website enabling student profiles & record school data.
- Automated backend processes admission submit.
- All information like fees and holiday are displayed here.

**Weather Forecast** [\(Link\)](#)

- **Tech:** React, Material UI, API
- Built robust backend routes, schemas, database & server.
- Enabled sign-up, login, resume creation & PDF downloads.
- Integrated frontend with efficient backend performance.

**News Adda**

- **Tech:** React, Material UI, API
- Built using NEWS API to fetch the live news.
- There are many categories which help to give better feel.
- News coming from Api and you will get the current news.

## ACHIEVEMENTS

**School Management Website:** Built a demo website during my internship, which was later adopted as the official school website. Implemented features such as student management, announcements, and event scheduling for better communication. Optimized website performance and UI using React and Bootstrap, improving user engagement and accessibility. Collaborated with a small team to integrate dynamic data handling and ensure mobile responsiveness. [\(Link\)](#)

## SKILLS

**Cloud Platform:** AWS (Basic Knowledge)

**IT Support Desk:** Team Viewer, Any Desk

**Programming Languages:** HTML, CSS, JavaScript, React

**Databases:** MySQL, MongoDB

**Version Control:** Git, GitHub

**Stack & Frameworks:** Tailwind CSS, Bootstrap, React-Bootstrap

**Soft Skills:** Communication, Critical thinking, Problem solving, Creativity, Fast learning, Discipline, Teamwork

## EDUCATION

**Bachelor of Computer**

**Application:**

University: MGKVP Varanasi

Marks: 73.33%

Year: 2025

**Intermediate:**

Board: CBSE, New Delhi

Marks: 86%

Year: 2021

**Matriculation:**

Board: CBSE, New Delhi

Marks: 87%

Year: 2019

## CERTIFICATIONS

**Certificate of Completion by**

**Great Learning Academy:** React JS Tutorial [\(Link\)](#)
